## Our Workshop

**ARTIVEST** is owned by YLARA Holding.

The General Manager of the company, Mr. Zoubair Benthami is graduated from the Special School of Architecture in Paris, supervised major projects in Morocco and abroad as a third generation of marble mason's in his family.

Renowned in the high-standing, ARTIVEST is one of the most recognized Moroccan stonemason's in the area of paving and sculpture of dimensional stones.

ARTIVEST has an ultra-modern plant, it is involved in all stages of the processing of marble: from the cutting of raw materials to the production of the most sophisticated decorations.

ARTIVEST has combined a craftsmanship and modern high-performance technology including robotics, CNC and water jet machines.

We are thus better equipped to meet the artistic demands of designers, architects and most recognized worldwide developers.

ARTIVEST provides its customers with a highly experienced workforce, knowing to combine the artisanal and industrial work, activity poses «luxury» of large and small works in Morocco and abroad. This mastery, combined with constantly upgraded techniques, enabling us to offer quality products, personalized and competitive.

It brings you to a world of:
